

Busselton Croquet Club News

Nettley May King

The Club celebrated Nettley's 89th Birthday with a lavish morning tea on Wednesday 21st June.

There was a lot about her to celebrate. Her whimsical croquet-themed water colours, such as the one above, along with her Covid-themed cartoons and cards with farm scenes, native animals, birds and flowers are a feature of the clubroom.

Her stride around the courts and quick aim-and-fire style define her play. She's always a challenge to beat and she likes nothing better than dispatching an opponent to the far boundary, usually with a faint smile. A lot like her illustrations really. So it was no surprise that there was a more-than capacity roll-up including past player contemporary in Phyl Peach to acknowledge her birthday and contribution to the club.
