

Busselton Croquet Club News

Betty Avery, Into her 81st Year, 28th June 2023

Another week at the croquet club, another landmark birthday. Like Nettley from last Wednesday's birthday bash, Betty enjoys her croquet. Both like dispatching an opponent and running a positive hoops. And like Nettley she comes from a farming background. Her association with Busselton and croquet go back years, right to when her mother played at BCC in the 60s. If you look at the photo of the ladies in white in front of the new (1974) clubhouse, Betty's mother is back row centre-ish. The photo is in the history pages on the website. Ask Betty to show you.
